

Application Data

Date _____

Company Name _____

Telephone _____

Name _____

Email _____

Title _____

Address _____

City _____ State _____ Postal Code _____

Bearing Number _____

Enclosures _____

Bore _____

Outside Diameter _____

Outer Ring Width _____

Bearing Precision Required _____

Inner Ring Width _____

Lubrication _____

Application _____

Application Environment _____

Operating Temperature _____

Oscillation Angle _____

Maximum Temperature _____

Oscillation Frequency _____

Minimum Temperature _____

Shaft Material _____

Static Radial Load _____

Shaft Wall Thickness _____

Dynamic Radial Load _____

Housing Material _____

Thrust Load _____

Housing Wall Thickness _____

Speed Start Up Torque _____

Running Torque _____
